QUICK JUSTICE IS MELTED OUT

Within Hour After he is Captured
By Posse of Armed Men, Lorenzo Jackson is Sentenced

GETS 2 TO 14 YEARS IN PRISON

Burglary Attempt at New Salem
Early Today Results in Capture of Former Convict.

Captured in the store of John Weir in New Salem by a posse of armed citizens at one o'clock this morning and sentenced at 9:30 o'clock from two to fourteen years in the state prison at Michigan City was the quick justice meted out to Lorenzo Jackson 48, years old, of West Second street, this city self-confessed burglar.

Jackson was caught with the "goods on him" by the New Salem posse and held until Sheriff Cavitt and Deputy Sheriff Sullivan arrived. The capture of Jackson was the most sensational stunt seen in several years in New Salem. He first entered the meat market of William Douche. In this place he tried to open the cash register and in the attempt broke it so that it would not open.

He secured an iron rod from the meat market and proceeded to the Weir grocery store. Jackson smashed the glass in the front door, and this proved his undoing as the crash of the falling glass awakened several people in the neighborhood of the store. The telephone was instantly put into use and in about ten minutes a crowd of twenty-five or thirty men were aroused from their sleep, and armed with shot guns and rifles, they surrounded the Weir store.

The capture of Jackson was then easily accomplished. At first he offered resistance and someone in the crowd struck him in the face. This seemed to quiet him down. He was taken from the Weir store to Dr. Metcalf's office and the sheriff called. When the sheriff arrived the crowd was still there, one man holding Jackson by the arm. Sheriff Cavitt stated today that the crowd resembled an army, as almost everyone was armed.

According to the sheriff, Jackson had been drinking, but was not intoxicated when arrested. Jackson did not succeed in getting anything of value in either of the two places, but it was stated he would have succeeded at the Weir store but for the timely interruption.

Jackson carried a revolver and a knife, and from all appearances was prepared to meet any resistance that might have been offered him. The affidavit was filed early this morning, charging burglarly in the second degree, and when brought before Judge Sparks, Jackson told the court "I guess I am guilty" and the sentence was promptly pronounced. He was found guilty in the second degree and given two to fourteen years. He was also disfranchised for a period of fourteen years. He will likely be taken to Michigan City tomorrow by Sheriff Cavitt.

The police here have long suspected Jackson and were elated that his capture was enacted. Jackson is believed by police to be guilty of several robberies lately in this city. He has lived here several years, but apparently had no regular employment. In spite of this he always appeared to have plenty of money and this fact alone caused the officers to be suspicious.

It is known that he appeared before the grand jury at the last term of court and was questioned concerning his means of living. Jackson

STRAUGHN MAN SENTENCED

W. R. Willis Gets 1 to 3 Years in Michigan City For Burglary

Newcastle, Ind., Sept. 28.—William R. Willis of Straughn, Ind., who was arrested at Greenfield last Thursday and brought back to this city on a charge of grand larceny, Monday was sentenced to serve from one to eight years in the Michigan City prison.

Willis robbed several houses and stores in Lewisville and Straughn and was discovered when he left a few of his personal articles in one of the homes he burglarized. He was traced to Greenfield, where his arrest followed.

WILL SETTLE ON FREE ATTRACTIONS

Horse Show And Fall Festival Committee Will Meet to Hear Report of W. S. Oneal Tomorrow

PROPOSITION FROM MARKS

The free attractions committee of the horse show and fall festival will meet in Havens & Riggs office over Mulno's clothing store tomorrow night at seven-thirty o'clock to hear the report of W. S. Oneal, who went to Kokomo last week to get terms from Henry B. Marks, manager of the industrial exposition at Kokomo, for the fall festival and show here.

The management of the show is anxious to settle the free attractions question right away so that they may be advertised. It will be recalled that Marks was here for the public meeting Tuesday night, August 31, and made an offer for free attractions, but it is said that better terms have been procured.

The committee is composed of Fon Riggs, Harry Kramer, John B. Morris, Roy H. Jones, Walter Easley, J. V. Young and W. S. Oneal.

HELD UP BECAUSE OF SPANN'S ABSENCE

Suit of Eleanor P. Hall Against G. F. Mull and Others Postponed Due to Bell Trial.

ATTORNEY ENGAGED THERE

The case of Eleanor P. Hall against the late George F. Mull, Thomas A. Mull, Leonidas H. Mull and Lotta Lee Lookwood, to set aside a mortgage in which about \$20,000 is involved, will not be tried Friday in the circuit court here because Henry N. Spann, one of the attorneys for the defense, is engaged in the trial of Mayor Joseph E. Bell in Indianapolis. The case was postponed on this account. Judge Gause of Newcastle will occupy the bench when the case does come to trial.

A change of venue was asked this morning in the injunction suit of the City of Rushville against the Peoples Natural Gas Co. The motion was filed by the gas company, but was not acted on by the court.

Judge Springer yesterday overruled the intervening petition filed by Ed N. Hill, et al., in the suit of Henry Conaway against Wilk and Company, to be made parties defendants, except James Forbes and the petition was sustained as to him.

CELEBRATION TO BE HELD OCT. 1

Disease Prevention Day Plans Are Being Formulated by Officials in Rushville.

MAYOR ISSUES PROCLAMATION

Schools and Anti-Tuberculosis Society of County to Co-Operate With the City.

A Proclamation.

In view of the fact that the legislature has designated the first Friday in October as Disease Prevention Day, and, since the Governor of Indiana has issued a proclamation, and an appeal to the people of Indiana to observe that day, therefore, I, Clara L. Bebout, Mayor of Rushville, do hereby designate and proclaim Friday, October 1, 1915 as Disease Prevention Day within the confines of Rushville and urge the citizens to decorate their homes and places of business and to attend the lecture which is to be given at the Graham Annex auditorium on the evening of that day.

CLARA L. BEBOUT,
Mayor of the City of Rushville. Executed and ordained this twenty-eighth day of September, 1915, at Rushville, Indiana.

The city schools and the Rush county society for the Study and Prevention of Tuberculosis will co-operate in the observance of Disease Prevention Day here Friday, October 1. Mayor Bebout today issued a proclamation urging the people of this city to take part in the program. A public meeting has been arranged for that night at seven-thirty o'clock in the Graham Annex Auditorium. At this time a program in keeping with the day will be given and an address by a prominent physician will also be included.

The speaker has not yet been secured. Dr. Coleman, president of the Rush County Society, will attend the Mississippi Valley Conference on tuberculosis in Indianapolis this week and while there hopes to secure a prominent health authority.

From all indications the day will be fittingly observed. The policy to be followed here is the same as throughout the state. While all the details have not yet been worked out, it is planned to have a parade of all school children, following the dismissal of school on the afternoon of October 1. The children will carry placards appropriate to the day. At the auditorium that night Dr. Coleman will act as chairman and the songs will be under the direction of Miss Helen Scott. She is arranging a folk dance by a chorus of children and will also sing a solo.

The importance of the day will also be brought to the children in the school rooms. The movement for a disease prevention day first started in Anderson when in 1914 the anti-tuberculosis forces staged the first municipal health procession in a campaign aimed at preventable disease. This parade was the feature of the "clean-up" campaign in Anderson, and since that time it has been adopted all over the state and the last legislature designated the day and asked that it be observed.

ODD FELLOWS NOTICE.

The degree staff will rehearse the Initiating degree at the regular meeting Wednesday evening, preparatory to conferring the same upon a class October 6th. A good attendance is desired.

BOSSERT IS GIVEN BOOST

Liberty Man is Well Liked in Wayne County and is Favored For District Chairman.

LYNCH'S TERM UP IN MARCH

Stated in Richmond Item That Present Chairman Will Not Step Out Until Time is Out.

That Walter Bossert of Liberty is well liked in Wayne county and is being boomed for the district chairmanship and that P. J. Lynch, the present chairman and candidate for congress, will not resign or give up his position in the organization until his term expires next March are important things mentioned in a story in the Richmond Item. Bossert's candidacy was mentioned in the Republican yesterday.

The Item says Bossert may be the choice of the Republican district chairman, which meets with the approval of "a number of Wayne county men, who although Mr. Bossert is known as a warm friend of Patrick J. Lynch, feel that for the position he is one of the most promising men in the district."

Continuing, the Item says: The selection of a district chairman will not be made until after the primaries in March. Following the primaries the county chairman of the district meet and elect from their number the district chairman or else elect another person other than one of their number. As Republicans in this county understand it, the district chairman does not necessarily need to be a county chairman.

Bossert was a Republican candidate for state senator Union-Wayne district, last year. He also was a candidate in 1912. He is known as a hard worker, a young fellow with political sense, and a hustler. He is a practicing attorney in Union county, where he has been prosecuting attorney and it is said that he is the first choice there for county chairman if he elects to make a bid for it.

He was early this summer spoken of, not seriously however, as a congressional candidate, but he has said within the last two weeks that he does not want the nomination for any office this year.

The selection of Bossert for district chairman would clear up the congressional situation in the district and would make clear which way Elmer Basset of Shelbyville, would go. It is understood that this former district chairman wants either the congressional nomination or the district chairmanship. If he gets into the congressional race, the Wayne county Republicans believe that he will make certain. Lynch's candidacy. The Comstock supporters believe that Lynch and the veteran jurist alone, will make a close fight, with little choice either way.

Just now some of the Comstock men are asserting that Lynch must resign from the district chairmanship. This, to the Lynch contingent, is taken the same as an effort to put Lynch's candidacy in a bad light.

DEATH LIST UP TO FIFTY

Heavy Toll Taken on Ardmore, Oklahoma Gasoline Exposition.

(By United Press.)
Ardmore, Okla., Sept. 28.—The death list in the gasoline explosion here was raised to fifty today when the bodies of four unidentified negroes were found in the wreckage of a building on Main street.

The death list is growing hourly as mangled and charred corpses are dragged from ruined buildings. Two hundred injured are in local hospitals and private homes. Five of these died during the night and it is reported that many more can live but a few hours.

FRENCH MAKING FURTHER GAINS

Despite Resistance, Leap to New Attack After Reforming Monday.

GREATEST BATTLE OF WEST

(By United Press.)
Paris, Sept. 28.—Despite the most obstinate resistance, the French have made further gains both in the Champagne and around Arras, it was officially announced this afternoon.

The greatest battle of the year on the western front is being waged today with even more furious attacks than characterized the beginning of the Anglo-French onslaught.

Having started the kaiser's armies with one mighty smash, the allies drew back and reformed for another blow. That explained the apparent flattening of the offensive, indicated yesterday. The second stroke was made last night with artillery and infantry, leaping to the attack.

REPULSED WITH HEAVY LOSSES

German War Office Declares All French Attacks Yesterday and Last Night Were Ineffective.

NOT ABLE TO PIERCE FRONT

(By United Press.)
Berlin, Sept. 28.—All Anglo-French attacks yesterday and last night were repulsed with heavy losses, the war office stated in an official bulletin this afternoon.

The enemy continues violent attacks at every section but has been unable to pierce the German front.

The French suffered very heavy losses against the German works in the Champagne region. Massed French cavalry forces time and again assailed the German line only to be forced back with heavy losses.

Germany artillery and machine guns poured a frightful fire into the cavalry ranks, forcing the enemy to flee in confusion.

The two teams clash in the second game of the series Sunday at Cincinnati. Geary is pitching for Connorsville and Jacobus for Brookville. A number of fans from this city will see the game there Sunday.

VOTERS' NAMES NOT RECORDED

Twenty Witnesses Testify in Bell Trial They Registered But no Record Was Made of it.

TESTIMONY OF ROBERT MOSS

White Man Says he Was Sent From One Registration Place to Another Until Worn Out.

(By United Press.)
Indianapolis, Ind., Sept. 28.—Robert Moss, who said he had lived in the fourth precinct of the fifth ward for ten years, testified today in the election conspiracy trial of Mayor Bell that on registration day he was sent from one registration place to another until he was worn out. He said he did not get to register or vote. Moss was one of the few white witnesses this morning.

A great mass of evidence was heard to the effect that colored voters' names were not recorded on registration day, though they went through all the form of registering. About twenty witnesses testified thus this morning.

This was "state house" day at the trial. One after another state officials came into the court room and shook hands with Mayor Bell or Thomas Taggart. Charles Murphy and Charles A. Edwards, Democratic members of the public service commission, took seats beside the defendant. Bert New, the governor's legal clerk, conversed with Mayor Bell, W. D. Longley, state fire marshal, was another who attended.

The state continued today introducing a mass of evidence in the election conspiracy trial of Mayor Bell in an attempt to prove that colored voters were not allowed to vote because of frauds practiced on registration day. Witness after witness was heard that said that though they registered and received numbers but their names were not found on the records.

The defense in many instances forced the witnesses to admit that the prosecution had refreshed their memories before they testified by reading to them testimony they gave before the grand jury.

* NOTES OF THE BELL TRIAL *

(U. P. Staff Correspondent.)

Indianapolis, Sept. 23.—While the jury hearing the Bell trial was filing in, one of the jurors motioned to Judge Eichorn:

"Can't you send the dead wagon around?" he asked. This juror's pipe died last Monday.

Stanley M. Timberlake, the juror whose illness for a time threatened to cause a mis-trial, has won the name of Beau Brummel among his eleven companions. He has worn eight suits to date, and they are all nifty. As one juror suggested, it would make most any man sick to keep up the details of such a wardrobe.

"We're about through with the dry stuff. Tomorrow we will begin with rotten stuff," said deputy prosecutor Roach to a newspaper man, who was complaining that detailed evidence of false names on the primary lists made poor reading.

Judge Eichorn, who usually goes home to Bluffton over Sunday, arrived in that city one Saturday afternoon early enough to sit on his own bench and fine a man \$1 and 30 days.

The judge slipped away to Kokomo one Wednesday evening and put in his best lies trying to convince a Howard county audience that Indiana needs a new constitution.

Obituary.

Albert McMichael the son of John and Sarah McMichael, was born in Rush county Ind., May, 25, 1849, departed this life August 9, 1915 aged 66 yrs. 2 months and 14 days, he was united in marriage to Emily Smith November 23, 1881. To this union was born three daughters and one son. The oldest daughter never saw the light of day, The others are Mrs. George Lawson, Mrs. Will Cameron and Frank who is still at home he united with the Methodist Protestant church near New Salem, Ind., under the labors of Rev. Samuel Loudon, on Feb. 19, 1869, and lived an earnest and devoted Christian life never losing faith in his God nor his fellow-man. His illness was of many months duration which patiently he bore with a courage and cheerfulness of one who can see the bright and better things of not only this life but the life beyond. He was left an orphan when quite young and began the battle single handed without means. He was industrious frugal and energetic and with the help of his faithful wife gathered around him enough of this world's goods to minister to all present necessities and some for them a competency for old age. But, death, who is the last enemy to be conquered, laid his claims upon him and he passed cheerfully away. He leaves a faithful and devoted wife, two daughters and one son two full brothers, Lewis, of Rushville, Nelson of Mattoon, Illinois, one sister Mrs. Rebecca Bealer of Rochester, Ind., one half-brother J. W. McMichael of Circleville with many other relatives and a wide circle of friends to mourn his loss. The funeral was conducted by the Rev. J. R. Stanton, and the remains were laid to rest in East Hill cemetery to await the morning of the resurrection.

Mrs. Bert Norris will entertain the Happy-Go-Lucky Club with a luncheon Thursday noon at her home southeast of Rushville.

Miss Wanda Wyatt will be hostess for the Psi Iota Xi, Wednesday evening, at her home 921 North Main.

The Ladies Aid society of the Catholic church will meet with Mrs. B. A. Black at her home in North Jackson street Thursday afternoon.

The Band of Workers of the First Presbyterian church will be entertained, Wednesday afternoon, at the home of Mrs. J. R. Carmichael, 433 North Main street. Mrs. Carmichael will be assisted by Mrs. Harry Carr and Mrs. B. O. Simpson.

A Missionary Tea will be given Wednesday afternoon, October 6th, by the Christian Womens Missionary society of the Main Street Christian church, at the home of Mrs. Roy Waggener, 1032 North Morgan street. Mrs. Waggener will be assisted by the ladies of the October division.

Invitations have been issued for the wedding of Miss Mary Louise Mauzy, daughter of Mr. and Mrs. Charles A. Mauzy of this city, and George Hupp DeHority of Elwood, which will take place at the Mauzy home at 611 North Harrison street Tuesday evening, the twelfth of October, at seven-thirty o'clock.

The dance and vaudeville entertainment to be given Thursday evening at the Phi Delta hall by the members of the Elks ball club will be one of the enjoyable social events of the season, it is believed. The vaudeville acts will be a novel feature and some very clever stunts are promised by Miss Mary Louise Poe and Denning Havens. The

dancing will commence promptly at eight o'clock and the vaudeville entertainment will begin at nine o'clock and will last thirty minutes. A good crowd is assured as a large number of tickets have already been sold to those holding invitations and several visitors from out of the city are expected.

Mrs. Russell Beringer, Mrs. Ralph Harrold, Mrs. Dora Abererombie and Miss Stella Fletcher were hostesses last night to the Loyal Daughters class of the Main Street Christian church at the home of Mrs. Abererombie in East Ninth street. About forty members and visitors were present. Light refreshments were served.

Miss Theresa Mullins, daughter of Mr. and Mrs. Edward Mullins, of West Tenth street, and Buford R. Winship were married this morning at seven o'clock at the parsonage of the St. Mary's Catholic church by the Rev. M. W. Lyons. Only the immediate friends and relatives witnessed the ceremony. Both are well known young people of this city. After a four-days motor trip they will be at home in East Second street.

BULGARIA WARNED TO KEEP HANDS OFF

Great Britain Serves Notice if Bulgars Nib in, She Will Rush to Defense of Friends.

SPEECH BY SIR EDWARD GREY

(By United Press.)
London, Sept. 28.—Bulgaria was pointedly warned this afternoon that if she attacks any of her Balkan neighbors Great Britain will rush to their defense.

Sir Edward Grey, British foreign minister, in a speech to the commons, declared he was convinced that Bulgaria had no hostile intentions, but added:

"If Bulgarian mobilization results in Bulgaria assuming an aggressive attitude of our enemies we shall give our friends in the Balkans our full support."

Mr. and Mrs. Harry Gaither and son Glen of Portland, Ore., Mrs. O. H. Hardin and son Richard of New York City, and Miss Marjory Bohannon of Hagerstown, Ind., who have been visiting Mr. and Mrs. Herman Jones and Mr. and Mrs. Atwell Boling of this city, left this morning for a few days visit with relatives in Hagerstown.

TWO-THIRDS OF CARS RUN

Fort Wayne Mayor's Offer as Mediator in Strike Refused.

(By United Press.)
Fort Wayne, Ind., Sept. 28.—The Fort Wayne and Northern Indiana Traction company today had more than two-thirds of its cars in operation, most of them being operated by its own employees. Very few people were riding in them, however, preferring the jitney busses.

The president of the company today formally declined to accept the offices of Mayor Hosey in settling the strike. The mayor is recognized here as having opposed the company for years.

Further word from Virgil Binford former manual training teacher here who was operated on for appendicitis at St. Vincent's hospital in Indianapolis last Saturday, is that he is growing weaker and that not much hope is held out for his recovery.

WAR NEWS OF ONE YEAR AGO TODAY

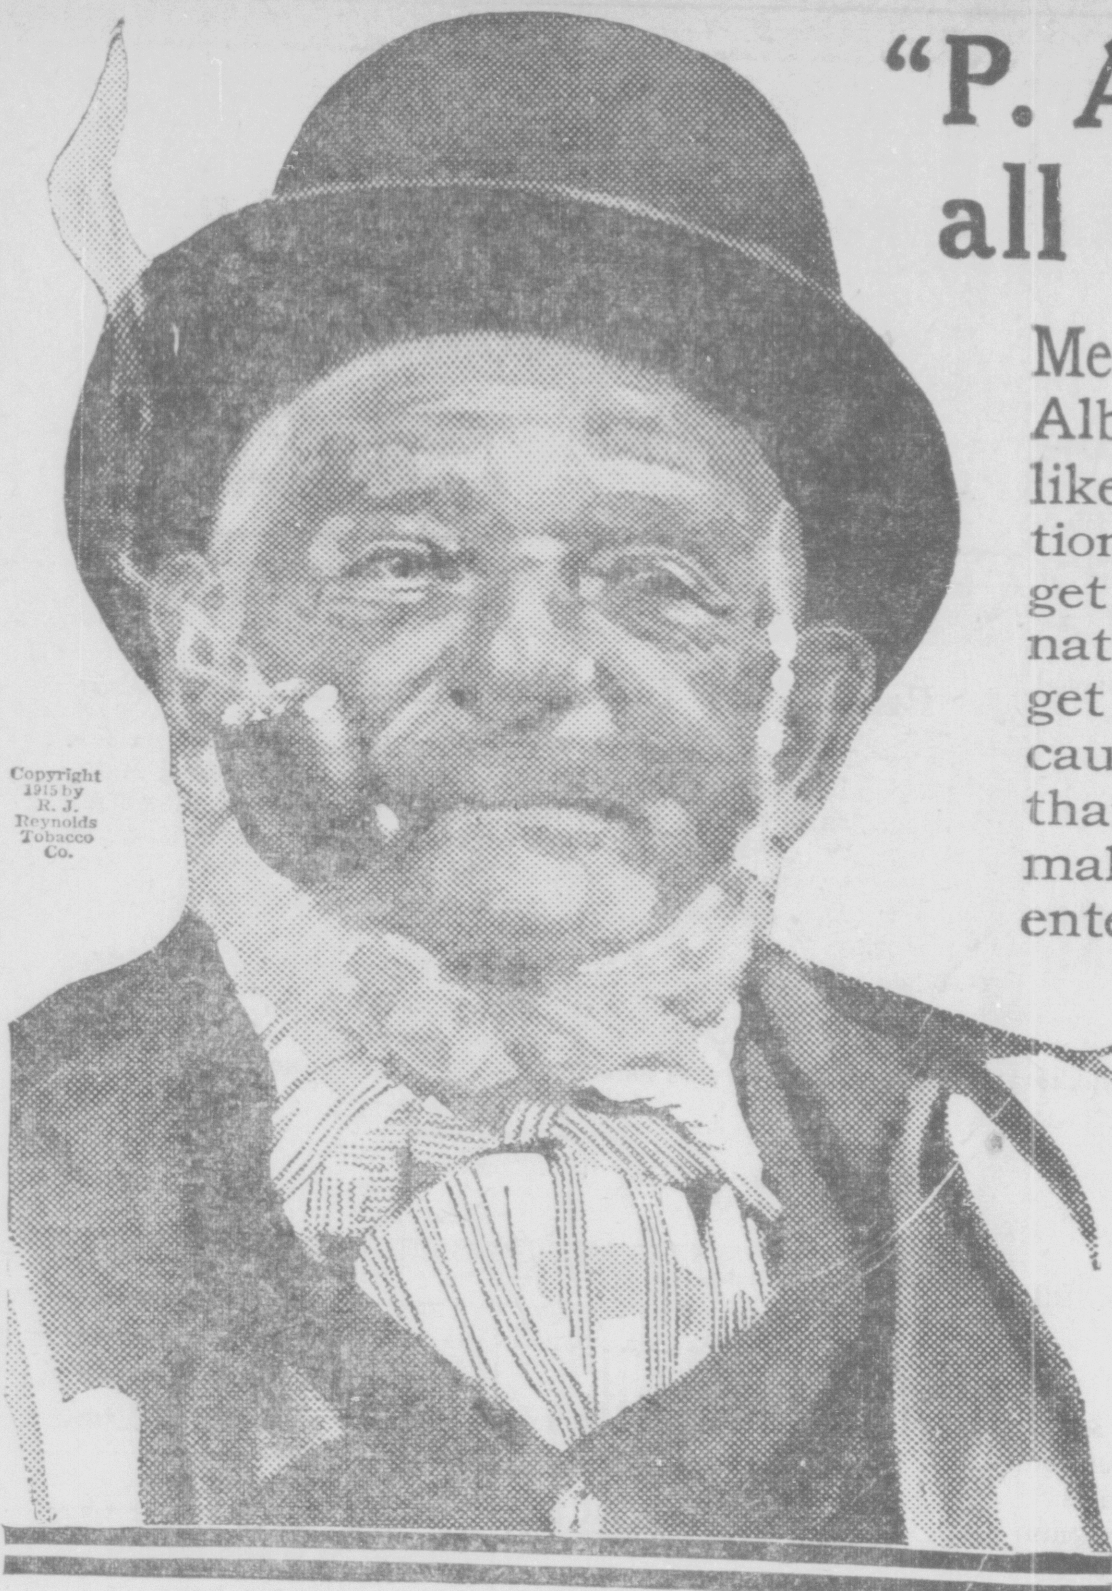

The Germans occupied the town of Moil and bombarded Lierre on their advance to the siege of Antwerp. Berlin reported that the Crusier Emden had sunk several more British steamers in the Indian Ocean.

The French and British War offices reported no change on the western front.

On orders from the Belgian government, the 33,000 inhabitants of Alost are reported to have abandoned their homes.

Budapest admitted the Russian advance through the Carpathian mountains.

London reported the German Garrison of Kiaochow driven into the inner defenses.

"P. A." spells tobacco all over the world

Men of all tastes take to Prince Albert pipe and cigarette tobacco like it just about answers all questions! And it does! Quicker you get on speaking terms with this national joy smoke the sooner you'll get a whole lot off your mind. Because, it just hands you more fun than you ever got out of a pipe or makin's cigarette before. The patented process fixes that—and removes the bite and parch.

PRINCE ALBERT

the national joy smoke

is the one brand of tobacco you can take liberties with, firing away 24-hours straight without a tongue-kick! You get the listen of that.

Cut out lamenting for that old jimmy pipe stored away in the rafters; stop fretting about how you'd like to roll 'em, but you dassn't. Men, you can lay your last cent that you'll be top-notch-tickled if you catch the spirit of this testimony and get some P. A. and go to it! Never did anything but make smokers jimmy pipe joy's and cigarette makin's happy—and that's just what's coming to you!

Can you sit-tight and get that P. A. aroma from somebody else's friendly old pipe or rolled cigarette? Can you pass up pleasure that's due you, and coming to you quick as you jump that fence into the Prince Albert pasture? Come on out and be a regular fellow who's game to take a chance for what ails his smokeappetite division!

P. A. is sold everywhere in tippy red bags (handy for cigarette smokers), 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—and that classy crystal-glass pound humidor with the sponge-moistener top that keeps P. A. bang up.

POLICE ON TRAIL OF PICKPOCKETS

Arrest of Allen in Indianapolis Lead Them to Believe There is a Gang of Them

HAVE WORKED SUCCESSFULLY

(By United Press.) Indianapolis, Sept. 28.—Police believed when Fred Allen, alleged pick-pocket, was put on trial here today that they were on the trail of a gang of pickpockets which have been operating all summer in this city, Detroit, Cleveland, Toledo and Cincinnati and have successfully evaded the police of those cities. Allen was arrested last week, charged with attempting to steal the diamond scarf pin of a passenger at the Union station.

Allen had in his pockets at the time of his arrest a card which it is believed showed that he was scheduled to work at the state woodmen's meeting at Terre Haute and at a gathering at Cincinnati.

It will not be his first trip to prison, as he told Sheriff Cavitt that he was released about 3 years ago after serving a term for forgery. Local attorneys today recalled that he was convicted on a forgery charge and were of the opinion that he was sent from either Decatur or Shelby county. The records here fail to show that he was ever arrested and arraigned in the circuit court.

ters believe that Lynch and the veteran jurist alone, will make a close fight, with little choice either way.

But Lynch will not resign. That was made certain today.

"So far as I am concerned I will serve out my time, candidate or not I will just stay on as chairman, until my time is out at least," said Mr. Lynch, talking over long distance telephone from his home in Newcastle this morning. "Nothing has been said to me and my remaining has not been questioned, so far as I know."

"Of course I do not care so much about it. There is little honor and no salary attached, you know. When I became chairman in 1912 we were beaten by 10,000 in this district and last year we were beaten by only 3,000. So you see I can feel kind of proud of that record. No, I won't resign. I'll just stay on until my time is out."

OCTOBER TO BE
STORMY MONTH

Prognosticator Hicks Declares That
it Will be Heaped Full of
Disturbances.

FROSTS ON THE SCHEDULE

And a Little Sleet is to be Thrown
in by Way of Good Measure,
the Predictor Says.

Storms and then more storms are
promised in the month of October
by Prophet Hicks, which indicates
that some of this belated summer
weather will be along causing at-
mospherical disturbances. He says:
A reactionary storm period is
central on the 1st and 2d, possibly
extending to the 3d and 4th. The
earth's autumnal equinox is still in
force, and the Mars period begins
at the opening of October. Frosts
at night from about the 2d to 4th.
The first regular storm period is
central on the 7th, extending from
the 5th to 10th, inclusive. These
storms will reach their culminating
crisis on the next to the 7th, 8th and
9th, each successive day adding
strength and extent to storm areas
as they pass the central regions of
the country, and on to the Atlantic
coast regions. Heavy October
thunder storms will center on and
touching the 7th. The temperature
will remain high, the barometer low
and storms will continue in aggre-
vated from over the 8th, and the
9th, reaching eastern extremes
about the 9th and 10th.
Very cool weather, with general
frosts over central and northern re-
gions, may reasonably be looked for
from about the 9th to the 12th.
The second reactionary storm
period is central on the 13th and its
influence will dominate weather and
storm conditions from about the 7th
to the 18th, causing prolonged cloud-
iness and threatening weather from
one period into another. But these
conditions will rise into decided dis-
turbances on and touching the 13th
and 14th. Rains have a tendency to
early sleet, and marked cold, and
will come with the rising barometer
following.
The second regular storm period
is central on the 18th, extending its
influence from the 16th to the 21st
inclusive, with October rains and
thunder storms on and about the
20th. Warmer weather, falling bar-
ometer, cloudiness and rain, will
mark the first stages; rising barome-
ter with possibly early spurts of
snow and change to clearing, cold-
er weather will mark the last stages.
The third reactionary storm pe-
riod is central on the 23d, 24th and
25th. The opposition of the moon
on the 22d will tend to bridge over
the time from the preceding period
bringing continued, threatening
weather into this reactionary period.
At all events you may look to see
quickened barometric changes, with
succeeding cloudiness, precipitation

For Bachelor Physicians

WELCOMED BY GOVERNOR

(By United Press.)
Indianapolis, Ind., Sept. 28.—It
was surprising how many of the
city's bachelor physicians suddenly
found today that they had patients
or other urgent business at the
Deaconess hospital. The reason
soon became apparent when it was
discovered that some 200 pretty
nurses had gathered there for the
two day convention of the Indiana
State Nurses Association.
The nurses were welcomed this
morning by Governor Samuel M.
Ralston. The response in behalf
of the nurses was made by Edith G.
Willis of Vincennes. The afternoon
speakers were: Mrs. Nell Clogston
of Terre Haute; Selma Brink,
of Evansville; Ella Sperry of Fort
Wayne; and Dr. E. F. Kiser of In-
dianapolis.
The visiting nurses will be ad-
mitted as delegates to the sessions
of the Mississippi Valley Conference
on Tuberculosis which convenes to-
morrow.

Recipes of Our Pioneer Mothers

for the home treatment of disease
were wonderfully dependable. True
they knew nothing of drugs, but
owed their success to the roots,
herbs and barks of the field. It is
interesting to note that Lydia E.
Pinkham's Vegetable Compound, the
most successful remedy for female
ills we have, was originally prepar-
ed for home use from one of these
recipes. Its fame now spread from
shore to shore, and thousands of
American women now well and
strong claim they owe their health
and happiness to Lydia E. Pink-
ham's Vegetable Compound.

JURY IN HARDWICK
SUIT DISAGREES

Eight Stand For I. & C. and Four
For Plaintiff in Damage Case
Tried at Martinsville.

PRACTICALLY THIRD TRIAL

The jury in the case of Mrs. John
Hardwick against the Indianapolis
& Cincinnati Traction company dis-
agreed at Martinsville, where the
trial was held in the Morgan circuit
court after being out thirty hours.
Eight of the jurors held out for the
I. & C. and four wanted to give Mrs.
Hardwick damages. The suit was
the outgrowth of an accident east of
here in 1912 when John Hardwick
mistook a coal car being pushed by
a freight for a passenger car and
was killed.
The trial just closed was really
the third attempt to get damages
from the I. & C. for the death of
Mr. Hardwick. A suit was first
brought in the Rush circuit court,
but was withdrawn by the plaintiff
before it came to trial. The second
suit resulted badly for Mrs. Hard-
wick, the judge giving the jury pre-
liminary instructions to find for the
traction company. A new trial was
obtained on the allegation that new
evidence had been uncovered and
the case was sent to Morgan county
on a change of venue.

OCTOBER TO BE STORMY MONTH

Prognosticator Hicks Declares That it Will be Heaped Full of Disturbances.

FROSTS ON THE SCHEDULE

And a Little Sleet is to be Thrown in by Way of Good Measure, the Predictor Says.

Storms and then more storms are promised in the month of October by Prophet Hicks, which indicates that some of this belated summer weather will be along causing atmospheric disturbances. He says:

A reactionary storm period is central on the 1st and 2d, possibly extending to the 3d and 4th. The earth's autumnal equinox is still in force, and the Mars period begins at the opening of October. Frosts at night from about the 2d to 4th.

The first regular storm period is central on the 7th, extending from the 5th to 10th, inclusive. These storms will reach their culminating crisis on the next to the 7th, 8th and 9th, each successive day adding strength and extent to storm areas as they pass the central regions of the country, and on to the Atlantic coast regions. Heavy October thunder storms will center on and touching the 7th. The temperature will remain high, the barometer low and storms will continue in aggravated form over the 8th, and the 9th, reaching eastern extremes about the 9th and 10th.

Very cool weather, with general frosts over central and northern regions, may reasonably be looked for from about the 9th to the 12th.

The second reactionary storm period is central on the 13th and its influence will dominate weather and storm conditions from about the 7th to the 18th, causing prolonged cloudiness and threatening weather from one period into another. But these conditions will rise into decided disturbances on and touching the 13th and 14th. Rains have a tendency to early sleet, and marked cold, and will come with the rising barometer following.

The second regular storm period is central on the 18th, extending its influence from the 16th to the 21st inclusive, with October rains and thunder storms on and about the 20th. Warmer weather, falling barometer, cloudiness and rain, will mark the first stages; rising barometer with possibly early spurts of snow and change to clearing, colder weather will mark the last stages.

The third reactionary storm period is central on the 23d, 24th and 25th. The opposition of the moon on the 22d will tend to bridge over the time from the preceding period, bringing continued, threatening weather into this reactionary period. At all events you may look to see quickened barometric changes, with responding cloudiness, precipitation and winds on and touching the 23d, 24th and 25th, followed promptly by rising barometer, spurts of early snow, and clearing colder weather.

The third regular storm period is central on the 30th, extending from the 28th to November 3d.

Earthquake Periods: There are two earthquake periods. The first earthquake period is central on the 8th, covering the 4th to the 11th, inclusive. The second earthquake period is central on the 22d, extending from the 18th to 26th.

VISITING NURSES ATTEND MEETING

Over Two Hundred in Indianapolis For Convention—Attraction For Bachelor Physicians

WELCOMED BY GOVERNOR

(By United Press.)
Indianapolis, Ind., Sept. 28.—It was surprising how many of the city's bachelor physicians suddenly found today that they had patients or other urgent business at the Deaconess hospital. The reason soon became apparent when it was discovered that some 200 pretty nurses had gathered there for the two day convention of the Indiana State Nurses Association.

The nurses were welcomed this morning by Governor Samuel M. Ralston. The response in behalf of the nurses was made by Edith G. Willis of Vincennes. The afternoon speakers were: Mrs. Nell Clogston of Terre Haute; Selma Brink, of Evansville; Ella Sperry of Fort Wayne; and Dr. E. F. Kiser of Indianapolis.

The visiting nurses will be admitted as delegates to the sessions of the Mississippi Valley Conference on Tuberculosis which convenes tomorrow.

Recipes of Our Pioneer Mothers

for the home treatment of disease were wonderfully dependable. True they knew nothing of drugs, but owed their success to the roots, herbs and barks of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame now spread from shore to shore, and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound. (Advertisement.)

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'santal' tablets—that's the name—any their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the system, and restore the normal wall. Santal tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blisters, Sallow Skin

(Messenger of Health.)

Unsightly eruptions, pimples, boils, blotches, sallowness or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Santal tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Santal tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "santal tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product, as it seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Santal tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpressiveness is another reason for the popularity of santal tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

LOCAL GREEKS ARE STRONG FOR PEACE

Call to Join Colors From Legation at Washington Embraces all Natives of Greece Here.

INCLUDES ALL 20 TO 39 YEARS

Local Greeks are by no means warlike. They prefer to stay in the United States where peace is in high favor, than answer the call of their country to come to the colors, which was promulgated from Washington yesterday by the Greek ambassador, Mike Katsoras, who runs the Greek candy kitchen here, explained what the Greek legation at Washington meant when it called all residents in all the "classes between the years of 1892 and 1911." He said that included all Greeks between the ages of twenty and thirty-nine years and embraced all the Greeks employed by him. Of course, there is nothing compulsory about the call.

Katsoras says Greece does not need her native sons in America now, anyway, because she has an army of 380,000 men. Greece's population now totals 5,000,000 people, the local Greek says, thanks to the addition of 3,000,000 Macedonians in 1912, when the Greeks won Macedonia from the Turks.

ROAD BUILDING TO BE DISCUSSED

This And Fence Building Will Divide Attention at Annual Commissioners Meeting

BURLESON MAY BE PRESENT

Since They Pay Own Expenses, Fence Building is Allowed—to Inspect Flood Work

(By United Press.) Indianapolis, Ind., Sept. 28.—Fence building and road building will receive about equal attention at the annual convention of the County Commissioners' association starting here today. Road building is on the program in six different places. The fence building will be sub rosa. The annual convention is always the occasion for a gathering of office holders, county auditors, county surveyors, county attorneys, highway superintendents, township trustees, and mayors attending in about the same proportion as the county commissioners.

The fact that a county cannot authorize an appropriation for the expense of a trip to the annual convention is justification, it is argued, for giving as much attention to fence building as road building. The county commissioners, it is charged, must go down in his own pocket for the trip and should therefore, be allowed to mix fence building with road building.

E. T. Barrett, state geologist, will talk about the resources of the state in furnishing the raw material of road building; George E. Martin, assistant professor of highway engineering at Purdue University, will speak on "Maintenance of Indiana Highways,"; A. G. Bachelder, chairman of the executive board of the American automobile association, New York, has a message on "Our National Highways,"; Jesse Taylor, director general of the National Highway Association, speaks on "Good Roads." Dr. W. K. Hatt head of the school of engineering, Purdue, gives an illustrated talk on highway bridges, and postmaster General Burleson is expected to give a rural route highway talk.

Others on the program are Mayor Joseph E. Bell, Gov. Samuel M. Ralston, James Kervan, president of the Association, Fred I. Willis, president of the Indianapolis Chamber of Commerce, and Dr. Alfred Henry, vice president of the Indiana Society for the Prevention of Tuberculosis.

Part of the entertainment provided by the local committee includes a race at the Speedway and an inspection of about \$2,000,000 worth of flood prevention work being carried on in Indianapolis.

PARALYZED FOR A MONTH

Vast Governmental Operations Involving Expenditure of \$100,000,000 Held by Democrats.

PARAMOUNT TO A STRIKE

For Intervening Time None of Future Work Contemplated Could be Started.

Washington, Sept. 28.—Vast governmental operations involving the expenditure of more than one hundred million dollars were practically paralyzed for over a month last year by failure of the Democratic Congress to enact properly necessary legislation.

The "tie-up" was paramount to a strike with hundreds of thousands of men idle, according to government officials charged with expenditure of the funds controlled by the legislation. The amount was contained in what is popularly termed the "sundry civil" bill. In order to carry out the plans on which it was based the bill had to be passed by June 30. It did not pass until more than a month later. For the intervening time none of the future work contemplated in the legislation could be started.

It would take hundreds of pages to describe the disastrous results of this heedless delay. Only a mere hint can be given of the activities the "sundry civil" bill provided for. It is one of the largest supply bills Congress handles, and included nearly four million dollars for improvements and maintenance of soldiers' homes; two and a half millions for the protection of public health; seven millions and more for keeping up life saving stations and light houses; over one million for fortifications on the Panama Canal; over three and a half millions to enable the Interstate Commerce Commission to continue the physical valuation of railroads and other important activities; more than thirteen millions for building quarantine stations, hospitals and other public buildings theretofore authorized; and numerous other less striking features.

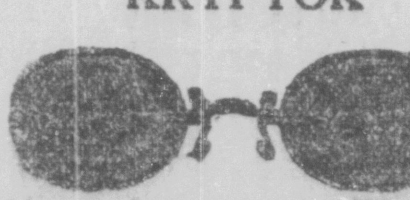

"It is imperative that funds for purposes like this shall be made available with the beginning of the fiscal year," said a government official in discussing this subject. "Every day's delay after that is nearly a total loss. Funds really ought to be ready by May 1 of each year; but to fail to provide for them by July 1, and have to resort to resolutions continuing old appropriations, as Congress was forced to do in this instance, is sheer waste."

"From ten to fifteen per cent. of the amount of an appropriation is a total loss if it is not passed before July 1. If the money wasted in delayed appropriations during the last four years could be made available now we would not need to be devising ways and means to replenish the treasury. The waste would probably more than cover the estimated deficit."

The crime of delaying action on appropriation bills was emphasized by the Democrats in the recent spring session of Congress. Within thirty-six hours of the time for adjournment only two relatively unimportant appropriation bills had been enacted. Yet in the brief hours before noon of March 4, the enormous sum of about one billion dollars was authorized to be expended.

This performance was an appropriate close to a record of mismanagement that is unparalleled in the history of the government.

WET AND DRY FIGHT IN MINNEAPOLIS

Will Come on October 4 When Question is Voted on—Three Cornered Affair

ANTI-SALOON LEAGUE ACTIVE

(By United Press.) Minneapolis, Minn., Sept. 28.—With four factions involving thousands of prominent men, a bitter bloodless battle is being waged here today, to put Minneapolis dry at the election October 4. Other than the prominence of the men involved and the bitterness of the fight, there are few features.

Openly dry are the State prohibition league and the Anti-Saloon league. On the neutral side of the fence are the Business men's league, headed by State Senator E. J. Westlake, and composed of prominent business men, many of whom are hotel men owning property affected by saloons, and the labor unions.

The neutral factions have been waging the "Show me" fight. They have claimed to be merely attempting to ascertain public opinion. However, they, too, employed a publicity agent.

LOCAL CONTESTS INVOLVED

(By United Press.) Princeton, N. J., Sept. 28.—President Wilson came "back home" here today for a few hours in order to participate in the New Jersey primary election. The President will return to Washington this afternoon, in order to take part in the Grand Army reunion.

The chief executive will make another flying visit to his voting district in less than a month when he comes to register his approval of the proposed amendment to the state constitution embodying equal suffrage. A special election on this and other amendments takes place on October 19 next. Today's primary was confined to local contests.

Red Men For First Time in Years
Get to Take in Event

(By United Press.)

Mandan, N. D., Sept. 28.—Through leniency on the part of superintendent of the Standing Rock Reservation, Indians are permitted to attend and participate in the Missouri slope State Fair, being held here this week. In recent years, reservation administration presumably acting upon a same general amusements forbid the Indians attending the fairs. Supt. Covey, however, indicated that he believed the red man would gain by attending the white man's fair, and he admonished the Sioux to investigate agricultural exhibits. Twenty five hundred red men are here today, many bringing their squaws and families. A big beef barbecue is planned for tomorrow.

QUICK JUSTICE IS MELTED OUT

Within Hour After he is Captured
By Posse of Armed Men, Lorenzo Jackson is Sentenced

GETS 2 TO 14 YEARS IN PRISON

Burglary Attempt at New Salem
Early Today Results in Capture of Former Convict.

Captured in the store of John Weir in New Salem by a posse of armed citizens at one o'clock this morning and sentenced at 9:30 o'clock from two to fourteen years in the state prison at Michigan City was the quick justice meted out to Lorenzo Jackson 48, years old, of West Second street, this city self-confessed burglar.

Jackson was caught with the "goods on him" by the New Salem posse and held until Sheriff Cavitt and Deputy Sheriff Sullivan arrived. The capture of Jackson was the most sensational stunt seen in several years in New Salem. He first entered the meat market of William Douche. In this place he tried to open the cash register and in the attempt broke it so that it would not open.

He secured an iron rod from the meat market and proceeded to the Weir grocery store. Jackson smashed the glass in the front door, and this proved his undoing as the crash of the falling glass awakened several people in the neighborhood of the store. The telephone was instantly put into use and in about ten minutes a crowd of twenty-five or thirty men were aroused from their sleep, and armed with shot guns and rifles, they surrounded the Weir store.

The capture of Jackson was then easily accomplished. At first he offered resistance and someone in the crowd struck him in the face. This seemed to quiet him down. He was taken from the Weir store to Dr. Metcalf's office and the sheriff called. When the sheriff arrived the crowd was still there, one man holding Jackson by the arm. Sheriff Cavitt stated today that the crowd resembled an army, as almost everyone was armed.

According to the sheriff, Jackson had been drinking, but was not intoxicated when arrested. Jackson did not succeed in getting anything of value in either of the two places, but it was stated he would have succeeded at the Weir store but for the timely interruption.

Jackson carried a revolver and a knife, and from all appearances was prepared to meet any resistance that might have been offered him. The affidavit was filed early this morning, charging burglarly in the second degree, and when brought before Judge Sparks, Jackson told the court "I guess I am guilty" and the sentence was promptly pronounced. He was found guilty in the second degree and given two to fourteen years. He was also disfranchised for a period of fourteen years. He will likely be taken to Michigan City tomorrow by Sheriff Cavitt.

The police here have long suspected Jackson and were elated that his capture was enacted. Jackson is believed by police to be guilty of several robberies lately in this city. He has lived here several years, but apparently had no regular employment. In spite of this he always appeared to have plenty of money and this fact alone caused the officers to be suspicious.

It is known that he appeared before the grand jury at the last term of court and was questioned concerning his means of living. Jackson

STRAUGHN MAN SENTENCED

W. R. Willis Gets 1 to 8 Years in Michigan City For Burglary

Newcastle, Ind., Sept. 28.—William R. Willis of Straughn, Ind., who was arrested at Greenfield last Thursday and brought back to this city on a charge of grand larceny, Monday was sentenced to serve from one to eight years in the Michigan City prison.

Willis robbed several houses and stores in Lewisville and Straughn and was discovered when he left a few of his personal articles in one of the homes he burglarized. He was traced to Greenfield, where his arrest followed.

WILL SETTLE ON FREE ATTRACTIONS

Horse Show And Fall Festival Committee Will Meet to Hear Report of W. S. Oneal Tomorrow

PROPOSITION FROM MARKS

The free attractions committee of the horse show and fall festival will meet in Havens & Riggs office over Mulno's clothing store tomorrow night at seven-thirty o'clock to hear the report of W. S. Oneal, who went to Kokomo last week to get terms from Henry B. Marks, manager of the industrial exposition at Kokomo, for the fall festival and show here.

The management of the show is anxious to settle the free attractions question right away so that they may be advertised. It will be recalled that Marks was here for the public meeting Tuesday night, August 31, and made an offer for free attractions, but it is said that better terms have been procured.

The committee is composed of Fon Riggs, Harry Kramer, John B. Morris, Roy H. Jones, Walter Easley, J. V. Young and W. S. Oneal.

HELD UP BECAUSE OF SPANN'S ABSENCE

Suit of Eleanor P. Hall Against G. F. Mull and Others Postponed Due to Bell Trial.

ATTORNEY ENGAGED THERE

The case of Eleanor P. Hall against the late George F. Mull, Thomas A. Mull, Leonidas H. Mull and Lotta Lee Lockwood, to set aside a mortgage in which about \$20,000 is involved, will not be tried Friday in the circuit court here because Henry N. Spann, one of the attorneys for the defense, is engaged in the trial of Mayor Joseph E. Bell in Indianapolis. The case was postponed on this account. Judge Gause of Newcastle will occupy the bench when the case does come to trial.

A change of venue was asked this morning in the injunction suit of the City of Rushville against the Peoples Natural Gas Co. The motion was filed by the gas company, but was not acted on by the court.

Judge Springer yesterday overruled the intervening petition filed by Ed N. Hill, et al., in the suit of Henry Conaway against Wilk and Company, to be made parties defendants, except James Forbes and the petition was sustained as to him.

CELEBRATION TO BE HELD OCT. 1

Disease Prevention Day Plans Are Being Formulated by Officials in Rushville.

MAYOR ISSUES PROCLAMATION

Schools and Anti-Tuberculosis Society of County to Co-Operate With the City.

A Proclamation.

In view of the fact that the legislature has designated the first Friday in October as Disease Prevention Day, and, since the Governor of Indiana has issued a proclamation, and an appeal to the people of Indiana to observe that day, therefore, I, Clara L. Bebout, Mayor of Rushville, do hereby designate and proclaim Friday, October 1, 1915 as Disease Prevention Day within the confines of Rushville and urge the citizens to decorate their homes and places of business and to attend the lecture which is to be given at the Graham Annex auditorium on the evening of that day.

CLARA L. BEBOUT,

Mayor of the City of Rushville. Executed and ordained this twenty-eighth day of September, 1915, at Rushville, Indiana.

The city schools and the Rush county society for the Study and Prevention of Tuberculosis will co-operate in the observance of Disease Prevention Day here Friday, October 1. Mayor Bebout today issued a proclamation urging the people of this city to take part in the program. A public meeting has been arranged for that night at seven-thirty o'clock in the Graham Annex Auditorium. At this time a program in keeping with the day will be given and an address by a prominent physician will also be included.

The speaker has not yet been secured. Dr. Coleman, president of the Rush County Society, will attend the Mississippi Valley Conference on tuberculosis in Indianapolis this week and while there hopes to secure a prominent health authority.

From all indications the day will be fittingly observed. The policy to be followed here is the same as throughout the state. While all the details have not yet been worked out, it is planned to have a parade of all school children, following the dismissal of school on the afternoon of October 1. The children will carry placards appropriate to the day. At the auditorium that night Dr. Coleman will act as chairman and the songs will be under the direction of Miss Helen Scott. She is arranging a folk dance by a chorus of children and will also sing a solo.

The importance of the day will also be brought to the children in the school rooms. The movement for a disease prevention day first started in Anderson when in 1914 the anti-tuberculosis forces staged the first municipal health procession in a campaign aimed at preventable disease. This parade was the feature of the "clean-up" campaign in Anderson, and since that time it has been adopted all over the state and the last legislature designated the day and asked that it be observed.

ODD FELLOWS NOTICE.

The degree staff will rehearse the Initiating degree at the regular meeting Wednesday evening, preparatory to conferring the same upon a class October 6th. A good attendance is desired.

BOSSERT IS GIVEN BOOST

Liberty Man Is Well Liked in Wayne County and is Favored For District Chairman.

LYNCH'S TERM UP IN MARCH

Stated in Richmond Item That Present Chairman Will Not Step Out Until Time is Out.

That Walter Bossert of Liberty is well liked in Wayne county and is being boomed for the district chairmanship and that P. J. Lynch, the present chairman and candidate for congress, will not resign or give up his position in the organization until his term expires next March are important things mentioned in a story in the Richmond Item. Bossert's candidacy was mentioned in the Republican yesterday.

The Item says Bossert may be the choice of the Republican district chairman, which meets with the approval of "a number of Wayne county men, who although Mr. Bossert is known as a warm friend of Patrick J. Lynch, feel that for the position he is one of the most promising men in the district."

Continuing, the Item says: The selection of a district chairman will not be made until after the primaries in March. Following the primaries the county chairman of the district meet and elect from their number the district chairman or else elect another person other than one of their number. As Republicans in this county understand it, the district chairman does not necessarily need to be a county chairman.

Bossert was a Republican candidate for state senator Union-Wayne district, last year. He also was a candidate in 1912. He is known as a hard worker, a young fellow with political sense, and a hustler. He is a practicing attorney in Union county, where he has been prosecuting attorney and it is said that he is the first choice there for county chairman if he elects to make a bid for it.

He was early this summer spoken of, not seriously however, as a congressional candidate, but he has said within the last two weeks that he does not want the nomination for any office this year.

The selection of Bossert for district chairman would clear up the congressional situation in the district and would make clear which way Elmer Basset of Shelbyville, would go. It is understood that this former district chairman wants either the congressional nomination or the district chairmanship. If he gets into the congressional race, the Wayne county Republicans believe that he will make certain. Lynch's candidacy. The Comstock supporters believe that Lynch and the veteran jurist alone, will make a close fight, with little choice either way.

Just now some of the Comstock men are asserting that Lynch must resign from the district chairmanship. This, to the Lynch contingent, is taken the same as an effort to put Lynch's candidacy in a bad light.

The selection of Bossert for district chairman would clear up the congressional situation in the district and would make clear which way Elmer Basset of Shelbyville, would go. It is understood that this former district chairman wants either the congressional nomination or the district chairmanship. DEATH LIST UP TO FIFTY

Heavy Toll Taken on Ardmore, Oklahoma Gasoline Explosion.

(By United Press.)

Ardmore, Okla., Sept. 28.—The death list in the gasoline explosion here was raised to fifty today when the bodies of four unidentified negroes were found in the wreckage of a building on Main street.

The death list is growing hourly as mangled and charred corpses are dragged from ruined buildings. Two hundred injured are in local hospitals and private homes. Five of these died during the night and it is reported that many more can live but a few hours.

Despite Resistance, Leap to New Attack After Reforming Monday.

GREATEST BATTLE OF WEST

(By United Press.)

Paris, Sept. 28.—Despite the most obstinate resistance, the French have made further gains both in the Champagne and around Arras. It was officially announced this afternoon.

The greatest battle of the year on the western front is being waged today with even more furious attacks than characterized the beginning of the Anglo-French onslaught.

Having started the Kaiser's armies with one mighty smash, the allies drew back and reformed for another blow. That explained the apparent flattening of the offensive, indicated yesterday. The second stroke was made last night with artillery and infantry, leaping to the attack.

REPULSED WITH HEAVY LOSSES

German War Office Declares All French Attacks Yesterday and Last Night Were Ineffective.

NOT ABLE TO PIERCE FRONT

(By United Press.)

Berlin, Sept. 28.—All Anglo-French attacks yesterday and last night were repulsed with heavy losses, the war office stated in an official bulletin this afternoon.

The enemy continues violent attacks at every section but has been unable to pierce the German front. The French suffered very heavy losses against the German works in the Champagne region. Massed French cavalry forces time and again assailed the German line only to be forced back with heavy losses.

German artillery and machine guns poured a frightful fire into the cavalry ranks, forcing the enemy to flee in confusion.

VOTERS' NAMES NOT RECORDED

Twenty Witnesses Testify in Bell Trial. They Registered But no Record Was Made of it.

TESTIMONY OF ROBERT MOSS

White Man Says he Was Sent From One Registration Place to Another Until Worn Out.

(By United Press.)

Indianapolis, Ind., Sept. 28.—Robert Moss, who said he had lived in the fourth precinct of the fifth ward for ten years, testified today in the election conspiracy trial of Mayor Bell that on registration day he was sent from one registration place to another until he was worn out. He said he did not get to register or vote. Moss was one of the few white witnesses this morning.

A great mass of evidence was heard to the effect that colored voters' names were not recorded on registration day, though they went through all the form of registering. About twenty witnesses testified thus this morning.

This was "state house" day at the trial. One after another state officials came into the court room and shook hands with Mayor Bell or Thomas Taggart, Charles Murphy and Charles A. Edwards—Democratic members of the public service commission, took seats beside the defendant. Bert New, the governor's legal clerk, conversed with Mayor Bell, W. D. Longley, state fire marshal, was another who attended.

The state continued today introducing a mass of evidence in the election conspiracy trial of Mayor Bell in an attempt to prove that colored voters were not allowed to vote because of frauds practiced on registration day. Witness after witness was heard that said that though they registered and received numbers but their names were not found on the records.

The defense in many instances forced the witnesses to admit that the prosecution had refreshed their memories before they testified by reading to them testimony they gave before the grand jury.

* NOTES OF THE BELL TRIAL *

(By Staff Correspondent.)

Indianapolis, Sept. 23.—While the jury hearing the Bell trial was filing in, one of the jurors motioned to Judge Eichhorn:

"Can't you send the dead wagon around?" he asked. This juror's pipe died last Monday.

Stanley M. Timberlake, the juror whose illness for a time threatened to cause a mis-trial, has won the name of Beau Brummel among his eleven companions. He has worn eight suits to date, and they are all nifty. As one juror suggested, it would make most any man sick to keep up the details of such a wardrobe.

"We're about through with the dry stuff. Tomorrow we will begin with rotten stuff," said deputy prosecutor Roach to a newspaper man who was complaining that detailed evidence of false names on the primary lists made poor reading.

Judge Eichhorn, who usually goes home to Bluffton over Sunday, arrived in that city one Saturday afternoon early enough to sit on his own bench and fine a man \$1 and 30 days.

The judge slipped away to Kokomo one Wednesday evening and put in his best time trying to convince a Howard county audience that Indiana needs a new constitution.

Great Britain Serves Notice If Bulgars Nib in, She Will Rush to Defense of Friends.

SPEECH BY SIR EDWARD GREY

(By United Press.)
London, Sept. 28.—Bulgaria was pointedly warned this afternoon that if she attacks any of her Balkan neighbors Great Britain will rush to their defense.

Sir Edward Grey, British foreign minister, in a speech to the commons, declared he was convinced that Bulgaria had no hostile intentions, but added:

"If Bulgarian mobilization results in Bulgaria assuming an aggressive attitude of our enemies we shall give our friends in the Balkans our full support."

Mr. and Mrs. Harry Gaither and son Glen of Portland, Ore., Mrs. O. H. Hardin and son Richard of New York City, and Miss Marjory Bohannon of Hagerstown, Ind., who have been visiting Mr. and Mrs. Herman Jones and Mr. and Mrs. Atwell Boling of this city, left this morning for a few days visit with relatives in Hagerstown.

TWO-THIRDS OF CARS RUN

Fort Wayne Mayor's Offer as Mediator in Strike Refused.

(By United Press.)
Fort Wayne, Ind., Sept. 28.—The Fort Wayne and Northern Indiana Traction company today had more than two-thirds of its cars in operation, most of them being operated by its own employees. Very few people were riding in them, however, preferring the jitney busses.

The president of the company today formally declined to accept the offices of Mayor Hosey in settling the strike. The mayor is recognized here as having opposed the company for years.

Further word from Virgil Binford former manual training teacher here who was operated on for appendicitis at St. Vincent's hospital in Indianapolis last Saturday, is that he is growing weaker and that not much hope is held out for his recovery.

The United States Public Health Service reviews in the current issue of the Public Health Reports, the more important health laws adopted during the year ended June 30, 1915. Massachusetts, New Jersey and West Virginia have re-organized their health departments. The Bureau of Health of the Philippine Islands has been superseded by the Philippine Health Service. The model law for morbidity reports has been adopted in part, by Ohio, Maine, Michigan, Delaware, Louisiana, Montana, Porto Rico, Vermont, Massachusetts and New York. Michigan, has appropriated \$100,000 for the purpose of making a tuberculosis survey of the State. Minnesota and Indiana have enacted advanced anti-tuberculosis legislation. Louisiana, Mississippi and Texas have passed measures looking to the control of the bubonic plague. Maine legislates on milk, while many of the States have adopted laws or regulations looking to the control of communicable diseases in general. Medical inspection of school children has received legislative attention in

The President's Power
William Bayard Hale has cut to the marrow of the question of the President's power in an article in the American in which he recalls the protests of Wilson the historian against the irresponsibility of government reciting that in his former role of professor Woodrow Wilson had pointed out that the President was responsible to nobody and had advocated that the cabinet he made responsible to the Congress, but in his present role as President he had not urged such measures.
For more than a year, Dr. Hale points out, the President has been acting practically alone; the people forbidden to criticize him and being powerless to restrain him. He asks whether any man is wise enough to solve alone problems affecting the well being of 100,000,000 people while lacking the benefit of their advice and criticism. This condition is really more extreme than any in Europe, where no ruler, not even the Kaiser or the Czar, is so absolute.

There is not much satisfaction in the figures showing an increase of 363 ships aggregating 737,623 tons in the American merchant marine. That brings the total to about 6,000,000 tons, but Great Britain, in the same year, in spite of the war, added 225,000 tons to her fleet, making her total in spite of the war losses, 21,375,000 tons. And as if it were not enough to have America's chief fleet in the Pacific bought up by a British company for the trans-Atlantic service, now China is going to hoist its flag over a fleet of merchantmen to carry America's commerce across the Pacific.

Now the Suffragists have taken to parodying Mother Goose. Here is a sample.

The Democrats took as their campaign issue in 1912 the high cost of living, which they blamed to a protective tariff. They promised us lower prices for commodities to follow their slash in the tariff rates. According to Economic Bulletin No. 18, just issued by the Department of Agriculture, the oyster has not advanced in price. Everything else has. On this subject the Democrats have taken the oyster as their example, and they are keeping mum.

The net balance in the general fund in the United States Treasury at the close of business September 13 was \$49,990,237, compared with a net balance of \$131,390,515 on the corresponding date two years ago when Republican revenue laws has spent \$31,935,000 more than its revenue since the first of July.

For the six months ending June 30, 1914, the value of exports to the United States from Plauen, Germany, was \$2,474,774. During the corresponding six months of 1915 they fell to \$899,454. This was the effect of the war on the Plauen campaign for the capture of the American market.

Men, if You Like Good Meals

Give Your Wife a

Hoosier Cabinet NOW

A well equipped kitchen is one of the natural rights of every good housekeeper. This is the greatest opportunity you will ever have to make your kitchen perfectly convenient, at a bargain price.

You are not the sort of man to expect your wife to go along year after year with no better convenience in the kitchen than your grandmother had. Men, nowadays, don't cut wheat with a cradle as grandfather did; don't write letters with a quill, or work in the shop with out-of-date tools. You have things up-to-date in your work. You bet you do, and you expect

3 Square Meals a Day

right along too. Listen, men! Is it fair to the wife to let her get along with old-fashioned woman-killing household equipment when you can have one of these new Hoosiers delivered tomorrow for only \$1? Of course not. You mean all right. You would like to have a convenient kitchen.

Just Hand Us a Dollar

We will put one of these five new Hoosiers in your home at a price so low you will think we are cheating ourselves. The Hoosier Company let us make these prices this week to introduce these new models. They are so far below the market standard simply because enormous

The NEW HOOSIER WONDER

The NEW HOOSIER SPECIAL

The NEW ROLL DOOR HOOSIER

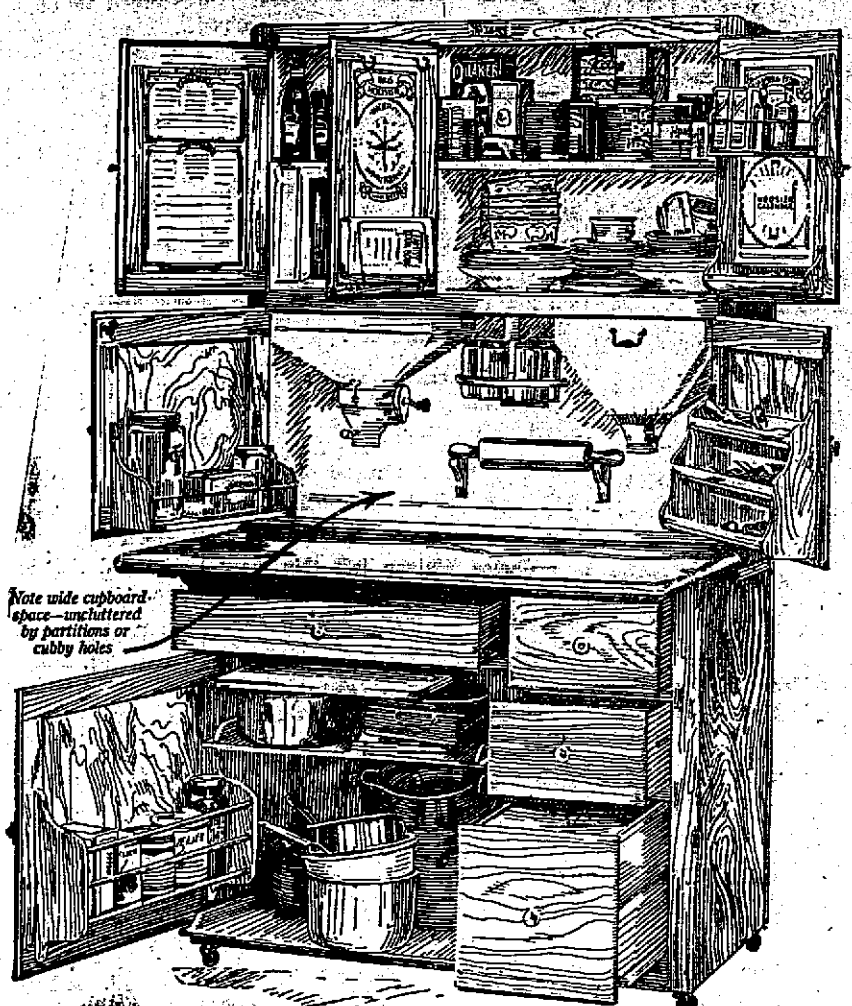

The NEW HOOSIER BEAUTY

The NEW HOOSIER DE LUXE

SURPRISE HER

Send one of these out tomorrow sure. Come in early before some of these styles are all gone. Just a dollar now; then a dollar a week for a few weeks. That's all. If she isn't delighted, we will take back the cabinet and hand back your money with a mile. Do this much for your wife NOW. You owe it to her.

This is "HOOSIER BEAUTY"
The National Step Saver

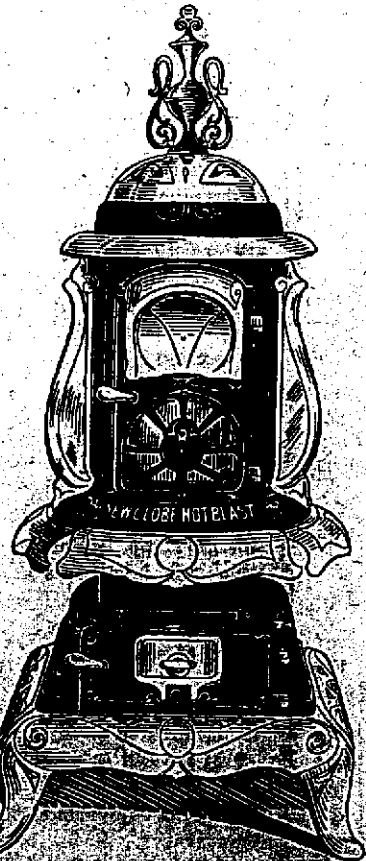

Hoosier sales have made big factory savings, and your wife gets the benefit. Send her one of these at our risk.

- at \$9 LESS than standard prices—with aluminum table—and white enamel cupboards.
- midway between the Hoosier-Wonder and Hoosier Beauty in convenience—equal to Hoosier Beauty in size.
- the only kitchen cabinet with roll doors that are removable and sanitary—no cubby holes or partitions catch dirt or dust.
- the National Step Saver; most complete and most practical kitchen cabinet ever made; most popular cabinet in the world.
- all white enamel inside and out—a kitchen cabinet of remarkable beauty.

Current Comments

Wilson's Peace Policies.
(Utica Herald Dispatch.)
It is very evident that the Democratic party, or that portion of the Democratic party which admires President Wilson, is now preparing for his campaign for a second term. Much attention is being given to his alleged endeavors to keep the United States "out of war." His peace-loving attributes are dwelt upon and his greatness in this respect is magnified until the unthinking and uninformed are crediting him with influences which he does not possess. This is probably done largely to cover up and conceal the real questions at issue between the two parties, namely, the prosperity of the country financially and otherwise. Included in these considerations is the almost pitiable condition of our finances; the complete discouragement and industrial collapse which settled down upon us directly after the enactment of the Underwood tariff bill, which Mr. Wilson signed; the vast and extravagant expenditures of the Democratic Congress, wiping the Treasury, not withstanding the income tax and the war revenue laws, all are subjects now to be forgotten because we are now at peace with all the world, particularly with Germany and Mexico.

"P. A." spells tobacco all over the world

Men of all tastes take to Prince Albert pipe and cigarette tobacco like it just about answers all questions! And it does! Quicker you get on speaking terms with this national joy smoke the sooner you'll get a whole lot off your mind. Because, it just hands you more fun than you ever got out of a pipe or makin's cigarette before. The patented process fixes that—and removes the bite and parch.

PRINCE ALBERT

the national joy smoke

is the one brand of tobacco you can take liberties with, firing away 24-hours straight without a tongue-kick! You get the listen of that.

Cut out lamenting for that old jimmy pipe stored away in the rafters; stop fretting about how you'd like to roll 'em, but you dassn't. Men, you can lay your last cent that you'll be top-notch-tickled if you catch the spirit of this testimony and get some P. A. and go to it! Never did anything but make smokers jimmy pipe joy's and cigarette makin's happy—and that's just what's coming to you!

Can you sit-tight and get that P. A. aroma from somebody else's friendly old pipe or rolled cigarette? Can you pass up pleasure that's due you, and coming to you quick as you jump that fence into the Prince Albert pasture? Come on out and be a regular fellow who's game to take a chance for what ails his smokeappetite division!

CONTEST WILL BE INTERSECTIONAL

This Adds Interest to Football Game Between I. U. and Washington and Lee at Indianapolis.

ALUMNI ARE ON THE JOB

Indianapolis, Sept. 28.—Never in the history of any athletic event, in Indiana, has such elaborate preparations been made, as are well under way for the football game, between Indiana University and Washington & Lee University, in this city October 30th, at Washington Park. The fact that it is an intersectional contest, a contest between two sections of the country, as well as a contest between the state of Indiana and Virginia has lent an almost national interest to the game.

A state wide organization, headed by Charles A. Greathouse, superintendent of public instruction, has created unusual interest from one end of the state to the other. Each county in the state is represented on this committee by an alumnus, as county chairman. The football game is a part of the official program of the State Teachers Association's meeting which will be in session the last half of the week of October 30th. There are more than 20,000 school teachers in Indiana and at least 12,000 of these are expected to attend the convention and a majority, no doubt, will stay for the game.

DUMBA RECALLED UNCONDITIONALLY

Austrian Ambassador Asks For Safe Conduct and Will Leave New York October 5.

WAS REQUESTED BY WILSON

(By United Press.) Washington, Sept. 28.—Unconditional recall of Austrian Ambassador Dumba was announced at the state department today. A telegram was received this morning from Dumba at the state department stating that he had been recalled by his government and asking a safe conduct. He announced that he would leave October 5 from New York.

It was announced that last Saturday American Ambassador Penfield had been officially advised by the Austrian foreign minister that the Austrian government would recall Dumba as requested and asked Penfield that a safe conduct be secured.

POLICE ON TRAIL OF PICKPOCKETS

Arrest of Allen in Indianapolis Leads Them to Believe There is a Gang of Them

HAVE WORKED SUCCESSFULLY

(By United Press.)

Indianapolis, Sept. 28.—Police believed when Fred Allen, alleged pickpocket, was put on trial here today that they were on the trail of a gang of pickpockets which have been operating all summer in this city, Detroit, Cleveland, Toledo and Cincinnati and have successfully evaded the police of those cities. Allen was arrested last week, charged with attempting to steal the diamond scarf pin of a passenger at the Union station.

Allen had in his pockets at the time of his arrest a card which it is believed showed that he was scheduled to work at the state woodmen's meeting at Terre Haute and at a gathering at Cincinnati.

san has also been before Mayor Bebout on two different occasions, but the authorities were unable to get enough evidence to warrant placing a charge against him.

Jackson is the father of Carl Jackson, who was convicted in the circuit court here in 1914 for robbing the Voile grocery in West Second street. The present whereabouts of his son, Carl are not known. Jackson is married but has not been living with his wife.

It will not be his first trip to prison, as he told Sheriff Cavitt that he was released about 3 years ago after serving a term for forgery. Local attorneys today recalled that he was convicted on a forgery charge and were of the opinion that he was sent from either Decatur or Shelby county. The records here fail to show that he was ever arrested and arraigned in the circuit court.

ters believe that Lynch and the veteran jurist alone, will make a close fight, with little choice either way.

But Lynch will not resign. That was made certain today.

"So far as I am concerned I will serve out my time, candidate or not. I will just stay on as chairman, until my time is out at least," said Mr. Lynch, talking over long distance telephone from his home in Newcastle this morning. "Nothing has been said to me and my remaining has not been questioned, so far as I know."

"Of course I do not care so much about it. There is little honor and no salary attached, you know. When I became chairman in 1912 we were beaten by 10,000 in this district and last year we were beaten by only 3,000. So you see I can feel kind of proud of that record. No, I won't resign. I'll just stay on until my time is out."

**OCTOBER TO BE
STORMY MONTH**

Prognosticator Hicks Declares That It Will be Heaped Full of Disturbances.

FROSTS ON THE SCHEDULE

And a Little Sleet is to be Thrown in by Way of Good Measure, the Predictor Says.

Storms and then more storms are promised in the month of October by Prophet Hicks, which indicates that some of this belated summer weather will be along causing atmospheric disturbances. He says: A reactionary storm period is central on the 1st and 2d, possibly extending to the 3d and 4th. The earth's autumnal equinox is still in force, and the Mars period begins at the opening of October. Frosts at night from about the 2d to 4th. The first regular storm period is central on the 7th, extending from the 5th to 10th, inclusive. These storms will reach their culminating crisis on the next to the 7th, 8th and 9th, each successive day adding strength and extent to storm areas as they pass the central regions of the country, and on to the Atlantic coast regions. Heavy October thunder storms will center on and touching the 7th. The temperature will remain high, the barometer low and storms will continue in aggravated form over the 8th, and the 9th, reaching eastern extremes about the 9th and 10th.

Very cool weather, with general frosts over central and northern regions, may reasonably be looked for from about the 9th to the 12th.

The second reactionary storm period is central on the 13th and its influence will dominate weather and storm conditions from about the 7th to the 18th, causing prolonged cloudiness and threatening weather from one period into another. But these conditions will rise into decided disturbances on and touching the 13th and 14th. Rains have a tendency to early sleet, and marked cold, and will come with the rising barometer following.

The second regular storm period is central on the 18th, extending its influence from the 16th to the 21st inclusive, with October rains and thunder storms on and about the 20th. Warmer weather, falling barometer, cloudiness and rain, will mark the first stages; rising barometer with possibly early spurts of snow and change to clearing, colder weather will mark the last stages.

The third reactionary storm period is central on the 23d, 24th and 25th. The opposition of the moon on the 22d will tend to bridge over the time from the preceding period, bringing continued, threatening weather into this reactionary period. At all events you may look to see quickened barometric changes, with responding cloudiness, precipitation and winds on and touching the 23d, 24th and 25th, followed promptly by rising barometer, spurts of early snow, and clearing colder weather.

The third regular storm period is central on the 30th, extending from the 28th to November 3d.

Earthquake Periods: There are two earthquake periods. The first earthquake period is central on the 8th, covering the 4th to the 11th, inclusive. The second earthquake period is central on the 22d, extending from the 18th to 26th.

**VISITING NURSES
ATTEND MEETING**

Over Two Hundred in Indianapolis For Convention—Attraction For Bachelor Physicians

WELCOMED BY GOVERNOR

(By United Press.)

Indianapolis, Ind., Sept. 28.—It was surprising how many of the city's bachelor physicians suddenly found today that they had patients or other urgent business at the Deaconess hospital. The reason soon became apparent when it was discovered that some 290 pretty nurses had gathered there for the two day convention of the Indiana State Nurses Association.

The nurses were welcomed this morning by Governor Samuel M. Ralston. The response in behalf of the nurses was made by Edith G. Willis of Vincennes. The afternoon speakers were: Mrs. Nell Clogston of Terre Haute; Selma Brink, of Evansville; Ella Sperry of Fort Wayne; and Dr. E. F. Kiser of Indianapolis.

The visiting nurses will be admitted as delegates to the sessions of the Mississippi Valley Conference on Tuberculosis which convenes tomorrow.

Recipes of Our Pioneer Mothers

for the home treatment of disease were wonderfully dependable. True they knew nothing of drugs, but owed their success to the roots, herbs and barks of the field. It is interesting to note that Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills we have, was originally prepared for home use from one of these recipes. Its fame now spread from shore to shore, and thousands of American women now well and strong claim they owe their health and happiness to Lydia E. Pinkham's Vegetable Compound.

**JURY IN HARDWICK
SUIT DISAGREES**

Eight Stand For I. & C. and Four For Plaintiff in Damage Case Tried at Martinsville.

PRACTICALLY THIRD TRIAL

The jury in the case of Mrs. John Hardwick against the Indianapolis & Cincinnati Traction company disagreed at Martinsville, where the trial was held in the Morgan circuit court after being out thirty hours. Eight of the jurors held out for the I. & C. and four wanted to give Mrs. Hardwick damages. The suit was the outgrowth of an accident east of here in 1912 when John Hardwick mistook a coal car being pushed by a freight for a passenger car and was killed.

The trial just closed was really the third attempt to get damages from the I. & C. for the death of Mr. Hardwick. A suit was first brought in the Rush circuit court, but was withdrawn by the plaintiff before it came to trial. The second suit resulted badly for Mrs. Hardwick, the judge giving the jury pre-emptory instructions to find for the traction company. A new trial was obtained on the allegation that new evidence had been uncovered and the case was sent to Morgan county on a change of venue.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood, and lodging in various organs, tissues, and joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'santal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santal, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

'Santal tablets'—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Santal tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Chief Cause of Pimples, Blisters, Sallow Skin

(Messenger of Health.)

Unsightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood. The consequences are too obvious to need to be recited to outward applications, which can never have natural, permanent results. If more people only knew that there is a very simple remedy to be found in any drug store, which is as effective as it is harmless and quick acting, it is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

'Santal tablets'—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Santal tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "santal tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit, particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Santal tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "artificial" action of calomel, or injuring the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpressible popularity of santal tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Drug-ists Review.

ROAD BUILDING TO BE DISCUSSED

This And Fence Building Will Divide Attention at Annual Commissioners Meeting

BURLESON MAY BE PRESENT

Since They Pay Own Expenses, Fence Building Is Allowed—to Inspect Flood Work

(By United Press.) Indianapolis, Ind., Sept. 28.—Fence building and road building will receive about equal attention at the annual convention of the County Commissioners' association starting here today. Road building is on the program in six different places. The fence building will be sub rosa. The annual convention is always the occasion for a gathering of office holders, county auditors, county surveyors, county attorneys, highway superintendents, township trustees, and mayors attending in about the same proportion as the county commissioners.

The fact that a county cannot authorize an appropriation for the expense of a trip to the annual convention is justification, it is argued, for giving as much attention to fence building as road building. The county commissioners, it is charged, must go down in his own pocket for the trip and should therefore, be allowed to mix fence building with road building.

E. T. Barrett, state geologist, will talk about the resources of the state in furnishing the raw material of road building; George E. Martin, assistant professor of highway engineering at Purdue University, will speak on "Maintenance of Indiana Highways"; A. G. Bachelder, chairman of the executive board of the American automobile association, New York, has a message on "Our National Highways"; Jesse Taylor, director general of the National Highway Association, speaks on "Good Roads." Dr. W. K. Haft head of the school of engineering, Purdue, gives an illustrated talk on highway bridges, and postmaster General Burleson is expected to give a rural route highway talk.

Others on the program are Mayor Joseph E. Bell, Gov. Samuel M. Ralston, James Kervan, president of the Association, Fred I. Willis, president of the Indianapolis Chamber of Commerce, and Dr. Alfred Henry, vice president of the Indiana Society for the Prevention of Tuberculosis.

Part of the entertainment provided by the local committee includes a race at the Speedway and an inspection of about \$2,000,000 worth of flood prevention work being carried on in Indianapolis.

PARALYZED FOR A MONTH

Vast Governmental Operations Involving Expenditure of \$100,000,000 Held by Democrats.

PARAMOUNT TO A STRIKE

For Intervening Time None of Future Work Contemplated Could be Started.

Washington, Sept. 28.—Vast governmental operations involving the expenditure of more than one hundred million dollars were practically paralyzed for over a month last year by failure of the Democratic Congress to enact properly necessary legislation.

The "tie-up" was paramount to a strike with hundreds of thousands of men idle, according to government officials charged with expenditure of the funds controlled by the legislation. The amount was contained in what is popularly termed the "sundry civil" bill. In order to carry out the plans on which it was based the bill had to be passed by June 30. It did not pass until more than a month later. For the intervening time none of the future work contemplated in the legislation could be started.

It would take hundreds of pages to describe the disastrous results of this heedless delay. Only a mere hint can be given of the activities the "sundry civil" bill provided for. It is one of the largest supply bills Congress handles, and included nearly four million dollars for improvements and maintenance of soldiers' homes; two and a half millions for the protection of public health; seven millions and more for keeping up life saving stations and light houses; over one million for fortifications on the Panama Canal; over three and a half millions to enable the Interstate Commerce Commission to continue the physical valuation of railroads and other important activities; more than thirteen millions for building quarantine stations, hospitals and other public buildings theretofore authorized; and numerous other less striking features.

"It is imperative that funds for purposes like this shall be made available with the beginning of the fiscal year," said a government official in discussing this subject. "Every day's delay after that is nearly a total loss. Funds really ought to be ready by May 1 of each year; but to fail to provide for them by July 1, and have to resort to resolutions continuing old appropriations, as Congress was forced to do in this instance, is sheer waste."

"From ten to fifteen per cent. of the amount of an appropriation is a total loss if it is not passed before July 1. If the money wanted in delayed appropriations during the last four years could be made available now we would not need to be devising ways and means to replenish the treasury. The waste would probably more than cover the estimated deficit."

The crime of delaying action on appropriation bills was emphasized by the Democrats in the recent spring session of Congress. Within thirty-six hours of the time for adjournment only two relatively unimportant appropriation bills had been enacted. Yet in the brief hours before noon of March 4, the enormous sum of about one billion dollars was authorized to be expended.

This performance was an appropriation close to a record of mismanagement that is unparalleled in the history of the government.

WET AND DRY FIGHT IN MINNEAPOLIS

Will Come on October 4 When Question is Voted on—Three Cored Affair

ANTI-SALOON LEAGUE ACTIVE

(By United Press.) Minneapolis, Minn., Sept. 28.—With four factions involving thousands of prominent men, a bitter bloodless battle is being waged here today, to put Minneapolis dry at the election October 4. Other than the prominence of the men involved and the bitterness of the fight, there are few features.

Openly dry are the State prohibition league and the Anti-Saloon league. On the neutral side of the fence are the Business men's league, headed by State Senator E. J. Westlake and composed of prominent business men, many of whom are hotel men owning property affected by saloons, and the labor unions.

The neutral factions have been waging the "Show me" fight. They have claimed to be merely attempting to ascertain public opinion. However, they, too, employed a publicity agent.

PRESIDENT TAKES PART IN PRIMARY

Went Back to Jersey Today For Few Hours—Then Back For G. A. R. Reunion

LOCAL CONTESTS INVOLVED

(By United Press.) Princeton, N. J., Sept. 28.—President Wilson came "back home" here today for a few hours in order to participate in the New Jersey primary election. The President will return to Washington this afternoon, in order to take part in the Grand Army reunion.

The chief executive will make another flying visit to his voting district in less than a month when he comes to register his approval of the proposed amendment to the state constitution embodying equal suffrage. A special election on this and other amendments takes place on October 19 next. Today's primary was confined to local contests.

UP-TO-NOW IN DESIGN

Designs as shown by some firms are more or less freakish or fadish to attract the attention of the prospective customers with scarcely a thought of their wearing appearance or correctness in proportion. But then they are merely on paper and represent but a small loss if they don't take.

We have faith in our ability as radical designers and as proof we show at our works a most complete selection of ready to erect monuments designed by our nationally recognized designer.

INDIANS MAY ATTEND FAIR

Red Men For First Time in Years
Get to Take in Event

(By United Press.)

Mandan, N. D., Sept. 28.—

Through leniency on the part of superintendent of the Standing Rock Reservation, Indians are permitted to attend and participate in the Missouri slope State Fair, being held here this week. In recent years, reservation administration presumably acting upon a same general amusements forbid the Indians attending the fairs. Supt. Covey, however, indicated that he believed the red man would gain by attending the white man's fair, and he admonished the Sioux to investigate agricultural exhibits. Twenty five hundred red men are here today, many bringing their squaws and families. A big beef barbecue is planned for tomorrow.
